Dear

I got a warning letter from the Met. this morning. It concluded:

"By means of this letter, I am directing you to refrain from making or encouraging others to make any further public statements about this and from pursuing it any further in any manner whatsoever. I would strongly suggest that you dedicate the time you have given to this matter be directed more constructively to your parish ministry and to the building up of the Church."

And so it goes...

Have a blessed Thanksgiving,

fr. jason
